## New Records Being Set At South Mountain Fair; 5,000 Throng Grounds Wednesday

The South Mountain Fair entered its third day today with officials already predicting attendance this year will set new records.

They already had several "records" listed of the fair.

For the first time the number of persons entering exhibits, exclusive of commercial exhibits and the school children's and 4-H exhibits numbered more than 400. A total of 406 men and women were listed as bringing everything from timothy seed to cows to be entered in the exhibits. In addition were more than 100 4-H members who entered displays, approximately 1,000 school children who have exhibits of their handwriting, drawing and manual arts on display, and the numerous commercial exhibitors. Another addition to that list will be those who will enter horses in the show Saturday.

**Praised By Judges**

Officials said possibly 2,000 people will have exhibits of one type or another at the fair by Saturday night.

The number of articles exhibited also reached an all time high. Arnold Orner, executive director for the fair, said. No tally was made of the thousands of individual articles entered, but Orner estimated the exhibit total as "at least 25 per cent higher than last year."

Judges Wednesday congratulated fair officials, terming the South Mountain Fair "one of the few in the state that is constantly growing as far as individual exhibits are concerned. Most of the others are going downhill, with fewer people participating by bringing exhibits. Here not only are the number of exhibits increasing but the quality is also improving greatly year after year."

**5,000 On Wednesday**

The crowd at Wednesday's session of the exposition was estimated at 5,000 by Fair Association Secretary Harvey Raffensperger. He based his estimate on 3,600 paid admissions. Since children entered free of charge during the day, and since the season tickets, commercial exhibitors and their staffs, and others were included in that list it was estimated that an additional 1,400

## COUNTY AIRMAN IN PHILIPPINES

Airman Second Class Glenn E. Unger, son of Mr. and Mrs. Ralph I. Unger, 413 E. King St., Littlestown, has arrived in the Philippines to serve a tour of duty with the U. S. Air Force.

Recently transferred from Mountain Home Air Force Base, Idaho, to Clark Air Force Base, 60 miles north of Manila, A 2c Unger is assigned to the 581st Air Rescue and Communications Group, Thirteenth Air Force.

He joined the Air Force in May, 1952, completed his basic training at Sampson AFB, New York, and attended Map Reproduction School at Port Belvoir, Va.

He was graduated from Littlestown High School and was a former student at the Philadelphia College of Pharmacy and Science.

A brother, Ralph, is a member of the Pennsylvania National Guard Unit here, with the grade of sergeant.

## SEND FOUR CO'S TO HARRISBURG FOR PHYSICALS

Four conscientious objectors were among the six men sent by the local Selective Service Board this morning to Harrisburg for pre-induction physical examination.

The four were the first listed as conscientious objectors called from the county, which has ten men in that classification. If they pass the physical, the men will be eligible for non-combatant duties with the armed forces.

Two of the CO's, Melvin W. Muselman, Gettysburg R. D., and Walter D. Whisler, Hanover, were leader and assistant leader, respectively, for the group which left from the draft board office at 7 o'clock this morning for Harrisburg by bus.

Two other conscientious objectors in the group were Charles M. Rühli Jr., Gettysburg R. D., and Paul R. Gelricks, Aspers R. D.

**Two "Regulars"**

The other two men in the group, both "regular" draftees, were William P. Redding, Gettysburg R. D., and Preston Sanders Jr., Iron Springs.

Selective Service officials here said that the fact that only two men for regular armed force duty were called at this time does not indicate that the next call for induction will be small. The board has a large backlog of men who have already passed their physicals.

The board also pointed out that one of the most zealously guarded of rights has been the right of men who, because of the teachings of their religion, are opposed to combat, to serve in non-combatant duties.

## NEED MORE FOR LINCOLN FETE

Mrs. Edwin J. Killelea, in charge of casting for the forthcoming re-enactment of President Lincoln's visit to Gettysburg in 1863, today issued an appeal for more Gettysburg and Adams County residents, to take part in the pageant to be held here on October 18. Additional men are particularly needed, she said.

Those who have agreed to participate but who have not yet been measured for the period costumes they will wear are requested to go to the pageant office in the Western Maryland station, Carlisle St., Monday afternoon after 2 o'clock to have their measurements taken.

Rehearsals will start Tuesday night at the American Legion Home, Baltimore St. The group which will be on the train carrying the "Lincoln Party" is to rehearse beginning at 7:30 o'clock. The group which will represent the townspeople who gathered to welcome Lincoln and his party will rehearse beginning at 8 o'clock. Rehearsals will be held Tuesday and Thursday nights.

The re-enactment of Lincoln's visit and Gettysburg Address will be staged by the Western Maryland Railway as the climax to the celebration this year of its 100th anniversary.

## Six Countians Are Recruited For Duty

Miss Harriet Scott, Gardners R. 1, was among the group of Adams Countians recently enlisted at the Hanover Recruiting Office. She enlisted in the Air Corps.

Other enlistees include: Air Force, Merle Kopp, Gettysburg R. 4; Army, David J. Bunty, New Oxford R. 1; Robert Kennedy, Benderville; Robert L. Tipton, Gettysburg R. 2; Donald E. Gastley, 54 Railroad St.

## Richard R. Fidler Is Wed Saturday

Miss Katharine Ann Edgar, daughter of Mr. and Mrs. John B. Edgar, of Rahway, N. J., became the bride of Richard R. Fidler, Carlisle St., last Saturday in the Unitarian Church at Andover, N. H.

Following the ceremony, a reception was held at Ragged Lake Camp, N. H. After the reception, the couple left for a honeymoon in Maine. Mrs. Fidler is a graduate of Wheelock College. Mr. Fidler is a radio man in the U. S. Navy. The couple will reside in Boston upon their return from Maine.

## NAME UNIT TO AID SERVICES IN DOCTOR DRAFT

A committee on procurement and assignment was appointed by the Adams County Medical Society, at its meeting Wednesday evening in the board room at the Warner Hospital, to advise the armed forces in selection of medical men for armed force duty.

The committee, comprising Dr. Chester G. Crist, Dr. Walter S. Mountain and Dr. Roy W. Gifford, was named at the request of the armed forces who are having similar procurement and assignment committees set up throughout the country to serve in an advisory capacity under a state committee.

When the armed forces call physicians from the state the state committee will ask the local committee to advise it on whether it is necessary for the doctor to remain in his community or whether arrangements can be made to have other physicians take over his practice while he is serving with the armed forces.

As understood here the committee will function chiefly in connection with those physicians who might be called up before they have an opportunity to provide a replacement during their absence.

Dr. David C. Stoner was appointed chairman of the committee on preventive medicine and public health.

Dr. Harrison F. Harbach, president-elect of the society, presided in the absence of the president, Dr. William N. Sterrett. A motion picture showing methods of handling some of the more difficult positions encountered in obstetrics was presented. The picture was obtained from Northwestern University Medical School.

## Eisenhower May Exhibit Paintings At A Future Fair

General Dwight D. Eisenhower may place some of his paintings in competition at the South Mountain Fair — but not this year.

The Republican presidential candidate was invited to put some of his paintings into the fair's art section by Miss Mary L. Boyer, Biglerville R. 3.

Miss Boyer received the following letter, written by Mr. Eisenhower from the Hotel Commodore, N. Y., on August 29:

"Dear Miss Boyer, Your flattering invitation to be represented in the South Mountain Fair is greater tribute than my dabbling at painting deserves. I have not put any of the paintings in an exhibition—and could not possibly consider doing so.

"Some day after Mrs. Eisenhower and I are privileged to settle down in our Adams County home I would be glad to reconsider your invitation if you cared to extend it at that time. "I hope the fair is most successful. Sincerely, Dwight Eisenhower."

## R. M. REINDOLLAR NEW PRESIDENT OF ADAMS PSEA

Robert M. Reindollar, Fairfield grade school principal and sixth grade teacher, was elected president of the Adams County branch of the Pennsylvania State Education Association Wednesday afternoon at the closing sessions of the annual Teachers' Institute held at the Gettysburg High School.

Lewis Bosserman, Arendtsville principal, was named as vice president; Miriam Walker, Abbottstown primary teacher, secretary, and Dale Roth, music and mathematics teacher at York Springs High School, treasurer.

Frank Basehoar, Littlestown, was elected as delegate with Mary E. Elder, Conewago Joint System, and Wilson Wenk, Bendersville principal, named as alternate delegates. Selected as auditors were Donald Ernst, Biglerville High School teacher, and Paul A. Comer, New Oxford High School teacher.

**Retired Teachers Elect**

The retired teachers re-elected officers at their annual meeting held in connection with the institute. The officers include Amos D. Shelly, Arendtsville, president; Lou Etta Sharrett, 46 W. Water St., secretary, and John M. Wisler, Littlestown, treasurer.

High school agriculture teachers were urged to back Young Farmer organizations in their areas by H. C. Fetterolf, chief of agricultural education for the State Department of Public Instruction, at the meeting of agriculture teachers.

Charles C. Taylor, supervising principal of the Lower Adams Joint System, told the group his list of county teachers who have attended Shippensburg State Teachers College totals 175 and announced plans for a dinner meeting of the Shippensburg alumni "either in October or early November."

**Want October Institute**

In resolution adopted by the teachers they urged that the annual institute "be conducted the latter part of October instead of before the opening of the school term"; that "teachers cooperate in every way possible with local, state and national authorities to counteract any and all subversive activities which may develop"; that "the schools do all within their power to support the state program of civil defense"; and that "all teachers who have not registered to vote should consider it a patriotic obligation and do so before September 13."

Other resolutions thanked the Gettysburg jointure for use of the high school, thanked the county office for the arrangements in connection with the institute, thanked "our local legislators for their support of the legislative program of the PSEA" and recommended that the flowers for the stage for the institute be given to the county home.

## Plan Music Festival

Plans for the annual music festival were outlined at the meeting of the music teachers, with tentative plans calling for the event to be

## Start Preliminary Work On Carlisle St.

Work preliminary to a street widening and grading project at the extreme northern end of Carlisle St. has been started by the Manufacturers' Light and Heat Company. High and low pressure gas lines along that section of the street are being lowered several feet for a distance of 300 feet or more.

Water and sewer line work also must be done before State Highway Department workmen can move in. The preliminary work may take several weeks.

## Ike Speaks At 9:30 Tonight

PHILADELPHIA (AP)—Pennsylvania Republicans rolled out the plush carpet today for their favorite presidential candidate in a day-long celebration billed as the formal opening of Gen. Dwight D. Eisenhower's election campaign.

The GOP nominee arrived by train at 11:15 a.m. EST.

Then followed an intensive schedule of tours through the city, meetings with Republican groups and individuals and a major policy speech at 9:30 o'clock tonight before a crowd that party leaders were confident would overflow Convention's 15,000 seats.

Party officials estimated that upwards of a million persons saw the general during his visit. His arrival and a triumphal motorcade down historic Chestnut St. were held during the noon hour when office workers were free.

Eisenhower's program listed, in addition to his Convention Hall speech, brief talks at Independence Hall, and before three Republican groups meeting at a downtown hotel.

## WEANER SWINE WIN PRIZES AT 4-H ROUNDUP

Swine owned by Roy Weaner Jr., Gettysburg R. 4, won both breed champion and reserve breed champion in the Hampshire class at the annual Adams-York 4-H Pig Club Round-up held Wednesday at Thomasville.

Weaner won the breed championship with a 205-pound medium weight hog that won first place in the medium division. The reserve titlist was a 230-pound Hampshire owned by Weaner which also won first place in the heavyweight division. Adams County entrants won the first three places in the Hampshire middleweight division with Weaner getting the first prize, Albee Breighner, Littlestown R. 2, second, and Barry Breighner, Littlestown R. 2, third.

Other prizes won by countyans included a fourth place in Yorkshire heavyweights won by Philip Nace, Hanover R. 3, and a fourth place in spotted Poland Olina lightweights won by Giovanni Dutta, New Oxford R. D.

## Attiring Pleased

The Adams County group with seven top awards did very well Assistant County Agent Fred Attinger said, "considering we had only 17 entries out of 243 pigs in the events."

There were 18 entries in the middleweight Hampshire division and 30 in the heavyweight Hampshire division, in both of which Weaner's entries took first place.

The 45,435 pounds of pork on the hoof entered in the round-up brought \$10,987.12 at the sale held following the judging. Adams county's entries received an average of 23½ cents a pound for their pigs, compared to a market price of about 22 cents. Weaner's breed champion brought 34 cents a pound.

**To Tell Of Korean War Experiences**

Lt. Col. Walter A. Baer, Gettysburg, will speak on his recent experiences in Japan at the meeting of the Adams County Chapter of the Reserve Officers Association to be held Monday evening at 8 o'clock at the fire house on E. Middle St.

C. L. Seeman, secretary-treasurer for the local group, said that refreshments will be served the group at the Albert J. Lentz American Legion home, Baltimore St., following the meeting.

## Council And Board Of Health Confer On Mosquito Nuisance And Who Should Combat Pests

## STRESSES NEED OF RECREATION IN COMMUNITY

The Board of Directors of the Gettysburg Recreation Association, school board and borough council members and school authorities learned Wednesday night at a meeting in council chambers at the fire engine house that good recreation directors "come high."

Kenneth Abell, former Sunbury recreation director, and now recreation consultant, State Planning Board, Department of Commerce, Harrisburg, said that an experienced director probably could not be obtained to replace Donald Joseph, who resigned his position here last spring, "for less than \$4,000 or \$4,500 a year, and that directors without experience would probably have to be paid at least \$3,500." Joseph received \$3,200.

Mr. Abell said he could furnish names of several persons eligible for appointment as director here, and would send these names if requested. The board took no definite action Wednesday night toward the employment of a new director.

**Understand Problems**

Members of the board of the Recreation Association cited one accomplishment of Wednesday night's meeting, however—a closer understanding of recreation problems among school, borough council and recreation officials and leaders.

Mr. Abell spoke at length on recreational problems and their solutions. "The business of recreation has become one of the most important factors in American life," he said. "We are blessed with an average of eight hours a day leisure time. We are spending annually between 20 and 25 billion dollars on crime detection as against 4 to 5 billion for education and training."

**Not Crime Cure-All**

"Recreation is not a cure-all for crime, but it is a method of doing a better job for our people."

While Mr. Abell praised the Recreation Association for what has been accomplished in Gettysburg, he said that it was not making full use of its facilities.

"What you have done has been done well, and you have proceeded slowly, but you haven't taken on the present day interpretation of recreation. You have kept more to the park idea. Incidentally, many communities would be envious of this park, and that park is one of my objects in saying that you are

## 8 New Members On Delone High Faculty

An assembly was called by the Rev. William R. Lyons at 3 p.m. Tuesday in the Delone Catholic High School auditorium for the purpose of introducing eight new faculty members to the student body. These teachers are Sister Annette, S.C.C.; Sister Roseanna, S.C.C.; Sister Althea, S.C.C.; Sister Antonia, S.S.J.; Sister Maria, R.S.M.; Sister Reparata, R.S.M.; John McMahon, head coach, and Eugene Bonelli, assistant coach.

Plans for the formation of this year's student council were also discussed. The election of one member from each home room by the students will take place Monday. Following this the senior class will elect the council president from the chosen group.

Representatives of the borough council met with the Board of Health Wednesday night to discuss the elimination of mosquito breeding places in the borough. The meeting was held in the office of Atty. Eugene R. Hartman, president of the Health Board.

Out of the discussion came several points:

A—A reiteration by Dr. Harrison F. Harbach that in his opinion mosquitoes may be a nuisance but are not a health menace.

B—That Atty. Hartman and Borough Solicitor Eugene V. Bullett should "get together" and decide on where the authority lies for cleaning up certain nuisances.

C—That much of the responsibility for a "clean borough" rests on the residents themselves to keep their property clean, rather than in neglect which forces the borough or the Health Board to take action.

D—An assurance from the Health Board that it will cooperate with other borough authorities for a cleaner borough.

**Cites Law Of 1885**

Councilman John D. Teeter's statement that the Health Board "has certain authority by law which we, as councilmen, do not have," caused Atty. Hartman to cite a borough ordinance adopted in 1885 which he said gave council the right to go on private property and force abatement of nuisances, including ponds and places where stagnant water breeds mosquitoes.

Councilman Kenneth Jones said, "Almost every month we have complaints about ponds where stagnant water gathers and breeds mosquitoes. Our borough solicitor informs us we have no right to go on private property and force abatement of these nuisances or hazards."

Johns read a letter from Major Russell Gies, Medina, Pa., an engineer in the state Department of Engineering and adviser on mosquito control, which, he said, declared that the Board of Health should see to the removal of such hazards. Atty. Hartman said the state law does give the Health Board wide powers.

Council members also declared that of mosquitoes collected in traps here, several were of the malarial carrying type while others are of the type which carries "sleeping sickness." Dr. Harbach replied that "it takes a malaria pool" to carry malaria or sleeping sickness.

**Cites Hypothetical Case**

Using a hypothetical case as an example, Dr. Harbach said: "If we should bring in 200 Filipinos who have malaria, and a mosquito bites one of them and then bites a Gettysburgian, then that Gettysburgian might contract malaria nad malaria might spread. We cannot have malaria without a malaria pool."

Dr. Harbach said, "Everybody is fussing about mosquitoes, but I think more people are plagued by ragweed, judging by the red noses, running eyes, sneezes and coughs which I find in Gettysburg now. I think the mosquito nuisance is a problem which falls in the engineering category, a problem of drainage. In the control of mosquitoes we cannot expect full relief if we confine our efforts solely to the borough, as long as we have Rock Creek and other breeding places outside the borough."

Atty. Hartman said: "I think the Health Board's feeling in the elimination program was that council had handled it before, it had the funds, and it had the personnel and the experience."

Council Teeter declared that the council is not trying to throw work on the Board of Health. "We thought, however, that the health officer could help," he said. Atty.

## Yanks Destroy 12 MIG Jets, Cripple 3, To Set New Mark

SEOUL, Korea (AP)—The U. S. Fifth Air Force said U. S. Sabre jet pilots today rolled up a near record score for one day against Communist MIG jets—12 destroyed and three crippled.

Maj. Frederick C. Blesse shot down his fifth MIG during the fiery battles to qualify as America's 19th jet ace of the Korean War.

The best single day performance by the fast Sabres was last July 4, when they destroyed 13 Russian-built jets, damaged seven and probably destroyed one.

A big force of Sabres swept across North Korea and destroyed the MIGs in a series of blazing dogfights. They flew cover for swarms of fighter bombers which struck Communist frontline positions. Allied losses, if any, will be reported in a weekly summary.

The intensified air action followed Wednesday night's strike by U. S. Okinawa-based Superfortresses against the Changin hydroelectric plant in North Korea—newly repaired from previous bombings. One Sabre pilot reported seeing a MIG go down without absorbing a shot during the jet battles between the Yalu and Chongchon Rivers in extreme Northwest Korea.

**Pilot Bails Out**  
Capt. Arthur McCarthy, Dearborn, Mich., said the Red jet overshoot him, went out of control, and its pilot bailed out.

The Air Force said an unidentified U. S. pilot bailed out of his damaged Sabre over neutral territory, presumably the Panmunjom truce conference site.

The fiery battles came during a break in the bad weather which Wednesday kept virtually all U. N. planes but the big Superforts on the ground.

Clouds covered the key power installation and the B-29s used radar to aim their bombs.

The Far East Air Forces said in Tokyo there was no Red opposition and all the bombers returned. The number on the raid was not disclosed.

U. S. Marine fliers knocked out Changin's Plant No. 1—last night's target—late in 1950. Repaired, it was bombed in a big air attack last June. The Air Force said new repair work indicated the turbines were desperately needed to bolster the Communist power supply.

Winds up to 70 miles an hour and about four inches of rain lashed parts of the battlefield Tuesday and Wednesday.

**MUNSAN, Korea (AP)—**Korean armistice negotiators today ended on recess and called another after the U. N. Command suggested that the Communists really don't want to end the fighting.

The delegates met for 51 minutes at Panmunjom in their first session since August 27. No progress was reported. The Reds agreed to a U. N. request for a recess until September 12, the sixth straight recess in the one-again, off-again talks.

The Communists demand return of 116,000 Allied-held prisoners, including all 20,000 Chinese. The U. N. has offered to return 83,000, including 6,400 Chinese, insisting that the 87,000 other prisoners don't want to rejoin communism.

## Council

(Continued from Page 1)  
Hartman said that the health officer "has all the powers of a police officer, and could go in and force the cleaning up of properties."

**Health Officer Reports**  
Health Officer Donald E. Staub reported that he had been "over the entire town," and that many notices had been sent to property owners to abate various nuisances.

The cutting of weeds, over which the council and burgess have control, was also discussed, with Health Board members claiming that thousands of mosquitoes breed in vacant lots and backyards with high weeds.

Councilman Teeter said notices were sent to property owners to have their weeds cut. He said many ask the borough to do it, at a time when the borough employees are their busiest with highway department work. He said extra help should be obtained to cut weeds.

The health officer reported several places in the borough where garbage and refuse collectors. He said in some cases garbage collectors would not collect the garbage because they were not being paid. One collector, he said, refused to make two collections a week, as directed by council, at the same price as the winter collection of once a week.

Staub also reported a stable in the Third ward where he said manure is piled on the property near the alley.

In his report to the health board Staub said one new restaurant license had been issued; four cases of dog bites investigated; 35 complaints received and investigated; 60 inspections made and five quarantines placed, of which two were for polio and three for observation.

**NEW YORK (AP)—**Wholesale egg prices were lower today. Receipts 21,586. Whites: Extra fancy heavyweights 64; fancy heavyweights 63; mediums 48; pullets 37; pewees 30%. Browns: Extra fancy heavyweights 59; mediums 48; pullets 37; pewees 30%.

## Sorry

More than half of the subscribers to The Gettysburg Times received today's edition two hours or more late than usual because of an accident over which we had no control.

When about one-half of the regular press run had been completed heat from the large electric switchboard, in front of the rotary press, touched off a sprinkler head, which almost "drowned" the switchboard and gave the press a heavy soaking.

Before the electric current could be turned on, the switchboard had to be blown dry with electric fans, thus causing a delay in the printing and delivery of the remainder of the issue for approximately two hours.

## Weddings

Teeter — Gray

Miss Helen Priscille Gray, daughter of Mr. and Mrs. James Harvey Gray, Harriman, Tenn., and Frederick Keller Teeter, son of Mrs. John S. Teeter and the late Mr. Teeter, near Taneytown, were united in marriage Saturday afternoon at 4 o'clock in the Ascension Episcopal Church in Westminster, Md. The double ring ceremony was performed by Rev. M. A. Jacobs, pastor of the Church of the Brethren, Taneytown, assisted by the rector of the church, the Rev. Austin P. Schildwachter.

The altar was arranged with white early fall flowers and palms. The traditional wedding selections were played by the church organist. The bride was given in marriage by her father. She wore a white satin gown with full train, with gossamer of imported Chantilly lace in the skirt and train and the full sides fashioned of the lace with long lace sleeves. Her fingertip veil fell from a bandeau of lace edged with pearls. She carried a showered nosegay of carnations, gladioli, stephanotis and forget-me-nots.

**Mrs. Edwin Ide Smith**, Norfolk, Va., was matron of honor. The bridesmaids were Miss Catherine Morton, Washington, D. C., and Miss Mary Guthrie, Harvey, Ill. They wore identical gowns of nylon net over taffeta, with fitted bodice, illusion neckline, flower head dress. They carried colonial nosegays with streamers. The matron of honor wore blue and the maids wore yellow, each with matching slippers. The flower girl, Angela Teeter, daughter of Mr. and Mrs. William Teeter, Gettysburg, wore white organdy and carried a basket of rosebud petals. The ring bearer was Robert G. Teeter, son of Mr. and Mrs. Daniel Teeter, Gettysburg. John D. Teeter, Gettysburg, was best man for his brother. The ushers were Dr. Richard Teeter, Bainbridge, Md., and James H. Teeter, Baltimore.

After a reception held on the lawn adjoining the church, the couple left for a wedding trip to New England and Canada. Upon their return they will return to Willow Brooks Farms where the bridegroom is engaged in farming.

**Annex—Sipling**  
Dolores Sipling, daughter of Mrs. Claude S. Wagner, Abbottstown R. 1, became the bride of Howard W. Annex, son of Mr. and Mrs. C. E. Annex, New Oxford R. 1, August 27 at Manchester, Md., in a ceremony performed by the Rev. Willis R. Brennerman.

**Douglas—Wehler**  
The wedding of Miss Jean Marie Wehler, daughter of Mr. and Mrs. Levi Wehler, Thomasville R. 1, to William Edward Douglas Jr., son of Mr. and Mrs. William E. Douglas Sr., Spring Grove R. 1, took place at 6:30 p.m. on Aug. 30 in the Paradise Union Church. The Rev. John S. Royer, former pastor, officiated at the double ring ceremony.

The bride was graduated from the East Berlin High School in 1951 and attended Thompson's Business College, York. She is now employed at John H. Myers and Son, Inc. Her husband attended West York and East Berlin High Schools and is now engaged in farming.

**Musselman—Kapichak**  
Miss Belle Kapichak, daughter of Mr. and Mrs. Steven Kapichak, 371 Keene St., Perth Amboy, N. J., became the bride of Dale Eugene Musselman, son of Mrs. Carrie S. Musselman, Stevens St., Gettysburg, on August 30. The service was performed by Rev. Fr. Charles Heilmann, of St. Simeon's Episcopal Church, Wildwood, N. J.

The bride, given in marriage by her father, Steven Kapichak, Perth Amboy, was attired in a white ballerina length gown of imported Chantilly lace over satin. Her net fingertip veil was attached to a tiara of lilies-of-the-valley. She carried a cascade of white lilies.

Miss Anne Kapichak, sister of the bride, was maid of honor. She wore a pink ballerina length gown of Chantilly lace over taffeta, and carried a cascade of roses. Charles Morrison, Steelton, a friend of the groom, served as best man.

The mother of the bride wore an orchid dress with a corsage of lavender and white asters.

After the ceremony, a reception was held at the American Hotel, Wildwood. Mr. and Mrs. Musselman are spending their honeymoon in Wildwood, N. J.

**Wilt-Criswell**  
Miss Janet Louise Criswell, daughter of Mr. and Mrs. Verne J. Criswell, R. 4, became the bride of Elgin Eugene Wilt, son of Mr. and Mrs. Kurvin Wilt, R. 2, Dover, in a double ring ceremony performed August 30, at 6 o'clock in the Salem EUB Church by the pastor, Rev. Harold March.

The bride was attired in an aqua blue ballerina-length dress with a rosebud and lilies of the valley corsage. Her only jewelry was a string of pearls, a gift of the groom. Her matron of honor was Mrs. Horace Criswell, who wore a dark blue dress with a corsage of light yellow rosebuds. Her headress was lilies of the valley and yellow rosebuds, while Mrs. Wilt's consisted of lilies of the valley and pink rosebuds. Horace Criswell, brother of the bride, was the best man.

The bride's mother wore a dark blue dress with white accessories and a white rosebud corsage, while the groom's mother wore a gray suit with dark accessories and a corsage of red rosebuds.

Traditional wedding music was played by Miss Sanders of Gettysburg.

Following the ceremony, a reception was held at the home of the bridegroom's parents. After the reception, the couple moved into their new home on the Hunterstown Road.

The bride is a graduate of Gettysburg High School with the class of 1952. The bridegroom attended East Berlin High School.

**Wayne Snyder**, son of Mr. and Mrs. Sterling Snyder, Aspers, has returned to Mount Vernon Academy, Mount Vernon, O., to resume his studies as a junior student.

**Miss Sara Hall**, medical technician at the York Hospital, and Lawrence Hall Jr., Aberdeen Proving Grounds, spent the week end with their parents, Mr. and Mrs. Lawrence Hall, Biglerville R. D.

**Mrs. Herman Warner** and Miss Mildred Osborn recently returned to their homes in Biglerville after a trip to the Thousand Islands, Canada and Niagara Falls. They also toured the Ford Plant, Buffalo, and the National Biscuit Co., Niagara Falls.

## R. M. REINDOLLAR

(Continued from Page 1)  
held at Delone High School probably in early February.

Dr. Wesley N. Haines, assistant to the president of Keuka College, Keuka Park, N. Y., told the institute: "We are not mature until we can laugh at ourselves, and we cannot have a democracy unless we have people who can laugh, and a system that permits people to laugh as they will. Strangely enough, we humans are the only creatures that can laugh, and the only ones that can weep. Laughter comes from a sense of the incongruous. We laugh at ourselves because we can step apart from ourselves and see ourselves in relation to the rest of the world."

## New Records

(Continued from Page 1)  
were present. Of that number 960 attended the "Broadway Revue" held in the auditorium.

Those who thronged the fairgrounds had more than ever before to see. The horticulture exhibit was one that drew more attention than usual, with the fruit growers exhibiting probably the largest peaches, on an average, in history. This year's fruit, judging by the displays, apparently ran to larger sizes than usual.

**Top Apple Award**  
Top award in the horticulture show went to Harold Garretson, Bendersville, whose plate of Dark Red Delicious apples was judged the best plate of apples in the show.

Part of the horticulture exhibit is a display showing peach variety trials being conducted by the Arendtsville fruit laboratory. The display not only shows the dates on which a number of new varieties of peaches come due, but also showed the canning potential of a number of the varieties. The exhibit includes jars of the peaches, the fresh peaches themselves and dishes of the canned fruit to show its quality. Sunhigh, a peach maturing 16 days before the Elberta, and Red Haven, a peach maturing 31 days before the Elberta, apparently are best for home canning, judging by the quality of the peach slices shown.

**Livestock Section Popular**  
Displayed as early ripening peaches are the Early East, which matures about July 10, or 49 days earlier than the Elberta, Jerseyland, Dixigen, Redhaven, Triagem, Fairhaven, Golden East, Sunhigh, Southland, Sandhill, Summercrest, Amador, Redskin, and Midway.

Livestock exhibits attracted much attention, particularly those entered by the 4-H youngsters. Twelve-year-old Richard Walton, Hanover R. 4, won the championship in baby beehives with a 900-pound Angus steer, Dale Bieseker, Orrtanna, 15-year-old Gettysburg High School student, won the reserve baby beef title. Two Chester White hogs shown by Betty Griest, New Oxford R. 1, won first and second place in the swine section of the 4-H contests.

A sow with a litter of eight tiny pigs drew attention because while the sow was at the fair, her owner was half-way around the world away. Charles Griest, owner of the animal, is now a soldier in Germany.

**Many 4-H Exhibits**  
In the home economics division of the 4-H exhibit, displays placed by clubs drew much attention. The home economics exhibits were judged on the Danish system of awarding on merit. The \$10 first prizes went to the Fairfield Club, Mrs. William Neely, Fairfield, leader; Mummaburg Club, Mrs. Richard Musselman, Gettysburg R. 3, leader; Edge Grove Club, Mrs. Margaret Liversberger, Hanover R. 4; Littlestown Club, Mrs. Emory Gitt, Littlestown R. 2; York Springs Club, Mrs. Kent Golden.

Second prizes of \$7 each went to Harrisburg Road Club, Mrs. Herbert Zepp, Gettysburg R. 4, leader; Idaville Club, Mrs. Paul Dennis, Gardners R. 2; Schrivers Corner, Mrs. Frank Keller, Gettysburg R. 4; Lincolnway East, Mrs. Philip Baral, Gettysburg R. 4; Conewago Club, Mrs. Melvin Nace, Hanover R. 3; Abbottstown, Mrs. James Polhemus, Abbottstown; Brushtown, Miss Theresa Murren, Hanover R. 4. Third place money, \$5, went to the Arendtsville Club, Mrs. Roy Tate, Biglerville R. 2.

**Totem Poles To Television**  
A number of commercial displays attracted unusual attention including the 18 foot high likeness of "Reddy Kilowatt" outside the Metropolitan Edison Co. tent. The 18-foot figure is on poles that put its top 33 feet above the midway. A total of 2,500 red and yellow light bulbs outline the figure. In its most ambitious display at the fair so far, the light company has all types of electrical equipment on display in its tent, and is showing motion pictures and a marionette show complete with a duck which lays eggs.

Probably the "midway attraction" which drew the greatest attention Wednesday night was a young man who sits on a board and lets people throw baseballs at a target. When they hit the target the man falls into a pool of water. With temperatures sending most fairgoers for sweaters and coats Wednesday night the "aquaman" was shivering so much he could barely keep his place on the board.

An unusual amount of skill and ingenuity has gone into the various commercial displays this year. Everything from totem poles to television sets in operation are included in the exhibits.

Some 2.5 million Filipinos are engaged in rice cultivation.

## STRESSES NEED

(Continued from Page 1)  
not getting the dividends you should from it."

Mr. Abell recommended that the park be used more; that signs be erected on roads leading into Gettysburg so that motorists might find it and use it; that the recreation plan should have more leadership and should make use of other facilities, such as school buildings and church social rooms. He recommended more planning of adult programs.

Speaking of youth programs, Mr. Abell said that "it has reached the point where we must either extend the school period or supplement this formal program with an informal one so that there is more opportunity for youth to develop under guidance instead of running loose."

**Cites Another Plan**  
Mr. Abell described a plan in use in some cities whereby the borough council sets up a "legal" recreation board, with an advisory board such as the recent recreation association directors here, and with joint cooperation between school and borough authorities in the financial set-up. He said the state law provides that a 2-mill tax may be imposed for recreation.

"The leisure time of the 7,000 persons living in Gettysburg has become not only big business, but an important business, and you should do something about it," the speaker said.

Dr. Lloyd C. Keefe, superintendent of schools, said the recreation program now receives a 42 per cent reimbursement from the state for professional guidance. It was originally 76 per cent and recently had been as low as 33 per cent, he said. The school board, he added, is responsible by law for the certifying and paying of the professional leadership. Mr. Abell predicted that the reimbursement factor would be raised in the near future. Other funds for recreation are obtained from the school board, borough council and through the Community Chest.

lisle street, closed in bankruptcy pro-  
ceedings, and plans to conduct a  
sale of the merchandise at the for-

## P.S.E.A. Branch Is Formed Here:

Organization of a Gettysburg branch  
of the Pennsylvania State Educa-  
tional association was perfected Fri-  
day morning at a conference of all  
Gettysburg school teachers, called by  
Professor Lloyd C. Keefe, super-  
intendent of borough schools, at the  
high school.

Professor Guile W. Lefever was  
elected president; Ira Baker, vice  
president; Miss Elizabeth Rummel,  
secretary, and Robert Fidler, treas-  
urer of the branch organization.

Miss Rhelda Green was elected a  
delegate of the newly-formed branch  
to the state convention of the as-  
sociation to be held in Harrisburg in  
December.

The Gettysburg teachers were for-  
merly affiliated with the Adams  
county branch of the state organiza-  
tion, but since the borough schools  
were designated as an independent  
school district, the privilege of hav-  
ing a branch of their own was taken  
advantage of.

On the eve of the opening of the  
public schools next Tuesday, Pro-  
fessor Keefe called the confer-  
ence, in view of the abandonment  
this year of the county teachers' in-  
stitute, to discuss school matters  
more or less of a technical nature  
with his staff of teachers.

He urged the teachers to develop  
an enrichment of the curriculum for  
the brighter pupils so that they  
would not be retarded in their  
school work by the normal pupil,  
or laggard.

Secret Marriage Is Revealed: Mrs.  
Sadie Howe, of Guernsey, on Sat-  
urday announced the secret marriage  
of her daughter, Miss Corinne Esther  
Howe, to Earl C. Dunlap, son of  
Mr. and Mrs. Samuel Dunlap, of  
Biglerville, R. D., on June 25.

The ceremony was performed by  
the Rev. Amos J. Fair, pastor of the  
Lutheran church at Frederick,  
Maryland.

Local Girl Starts Assault on  
"Buried Alive" Record Saturday:  
Miss Lois Shirk, 18-year-old Gettys-  
burg high school graduate, was  
"buried alive" at the Lincoln Lawn  
miniature golf course of the Lincoln  
highway, east of Chambersburg, at  
12:45 o'clock, Saturday afternoon.

"My family needs the money badly," Miss Shirk said from her "liv-  
ing tomb," and if she has any of  
the luck her predecessor in the  
"grave" had, neither she nor her  
family will have to worry for a  
while, at least.

Maxine Holmes, Chambersburg R.  
7, who spent ten days in the six-foot  
"grave," cleared \$492 as her share  
of the profits, Walter J. S. Todd,  
owner of the golf course, told a  
Gettysburg Times reporter on Sun-  
day afternoon.

4 Light Standards Placed in

itan Edison company on Monday  
erected the four ornamental light  
standards around the center square  
flower plot. Each standard will be  
equipped with police signal light  
which will be operated from the  
United telephone exchange here.

## Today's Talk

## MOODS

We are all creatures of moods.  
They are something very person-  
al. Rarely do others judge them  
correctly. We are so often mis-  
judged because of certain moods.  
That friend is the truest friend  
who doesn't try to interpret them,  
but lets them work their way as  
they will in us.

Moods are feelers. They come  
to us quickly at times and leave  
as mysteriously. Often they evi-  
dence "growing pains" within us.  
Moody persons are nearly always  
thinking people. We should be-  
come students of our own moods  
and try to manage them so as to  
give us the maximum of happi-  
ness and efficiency. And these  
moods of ours should be so con-  
trolled as not to cause worry or  
unhappiness to others.

In our youth these moods, com-  
ing on us unexpectedly, often dis-  
turb us — as well as others —  
but nothing is more natural than  
to have these moods. They are as  
much a part of us as our fingers  
and toes. Often nothing more seri-  
ous than the state of the weather  
brings on one of these moods of  
ours, though oftener they are cre-  
ated by some happening or event.

Love can create a whole brigade  
of moods in a short space of time!  
So can a disappointment or a spell  
of good news. We can't often  
trace the origin of a mood that  
hovers about us, but this isn't im-  
portant. The sensible thing is to  
let the mood take its way and not  
worry about it. Nature always  
stirs good moods in us and we  
are inspired and exalted. We are  
put into a spiritual mood.

We are most creative in our  
happiest moods. We do our best  
work then, and we are most con-  
tent. Others help to shape our  
moods more than we realize. That  
is why we should try and keep  
on good terms with others, and  
supplement by keeping on good  
terms with oneself. Everything  
that we think and do has its in-  
fluence upon our moods.

Tomorrow Mr. Adams will talk  
on the subject: "The Richest  
Gifts."

Matthew Adams Service

**NOMINATING SPEECH**  
If your funeral oration while still  
living you would hear,  
Merely seek the nomination in a  
presidential year.

Though you've not a chance to  
win it, some good friend will  
rise to state  
Without any reservation you're  
the greatest of the great.

In a speech of flowery phrases  
that runs twenty minutes  
long

He will shout it to the public that  
you've never done a wrong.  
You'll have every noble virtue—  
all without a single fault—  
And he'll smother you with  
praises in his effort to exalt.

It makes not the slightest  
difference, G.O.P. or  
Democrat,

Both parties make you wonder  
can one man be all of that?  
And, when being nominated,  
while the speech is being  
read,

As you listen, you will wonder  
am I still alive or dead?

STORM DAMAGE  
TO FRUIT CROP  
IS NOT SERIOUS

HARRISBURG (AP)—Labor Day  
storm damage to Pennsylvania's  
fruit belt was not as great as first  
estimated, says the State Agricul-  
ture Department.

"Except for some limited areas  
the wind damage to peaches in the  
Adams-Franklin-York fruit belt was  
reported not great and the remain-  
der of the crop will be moving to  
market the rest of this week,"  
the department said yesterday.

It reported that most of the pick-  
ing had been completed in Frank-  
lin County and about one-third re-  
mained to be harvested in Adams  
County before the storm struck on  
Monday.

Damage was done, however, the  
department added, to corn, some  
peaches and some apples in the  
south-central Pennsylvania area.

**Rain Above Normal**  
Weekly federal-state crop and  
weather survey said that for the  
state as a whole, rainfall averaged  
.91 of an inch, or one-tenth above  
normal for the week ending on Tues-  
day.

Cutting of ensilage corn was re-  
ported off to a good start with  
buckwheat in bloom in all areas.  
Digging of early potatoes has pro-  
gressed in southeast and central  
counties.

"Heavy rainfall improved the  
outlook for late truck crops in  
south-central counties," the report  
continued, adding that picking of  
tomatoes for processing now is in  
full swing. Although yields gener-  
ally are only fair, the quality is  
good.

Soil moist is now adequate  
for sizing of late apples while Con-  
cord grapes in the Erie fruit belt  
are coloring, the report said.

French Count To  
Become U. S. Citizen

PHILADELPHIA (AP)—A young  
Frenchman who traded his royal  
coat of arms for a combat infan-  
tryman's badge formally re-  
nounced his title in U. S. District  
Court yesterday to become an  
American citizen.

The former Count Patrick Marie  
Hubert de Sercey, 21, fresh from  
combat in Korea, can trace his  
family back to William the Con-  
queror.

De Sercey, now a corporal in  
the U. S. Army, came to America  
six years ago and entered the Ar-  
my last year.

The corporal's mother, the for-  
mer Countess Ellen de Sercey, be-  
came a citizen last February and  
now lives in Kennett Square, Pa.

MISS PENNSY  
TO PLAY ORGAN  
IN BEAUTY FETE

ATLANTIC CITY, N. J. (AP)—  
Miss Pennsylvania has laughed off  
the advice of well-wishers who  
wonder if she is big enough to  
tackle Convention Hall's enormous  
organ in talent competition for the  
Miss America Pageant.

She is determined to follow  
through with plans to play the big  
instrument, considered by some  
standards to be the largest in the  
world. She will be the first page-  
ant contestant to play the organ in  
Miss America competition.

Pretty Miss Miriam May Smith-  
er, of McAlisterville, smilingly, re-  
ported that even an elevator boy  
in her hotel had advised the big

people have also expressed similar  
doubts to her sister, Mrs. Harold

who is her official chaperone.

**150,000 Cheer Girls**  
Miriam said she is now scheduled  
to practice this afternoon and Fri-  
day before her talent competition  
Friday night. In addition she  
planned to study the complicated  
console while it is being played  
by Lois Miller, regular organist  
for Convention Hall.

Miriam reported she had been  
"thrilled" to represent Pennsylv-  
ania in the Broadwalk parade on  
Tuesday when more than 150,000  
pageant fans jammed the famous  
wooden promenade to cheer the 52  
pageant contestants.

She rode atop a "State of Penn-  
sylvania" float and sat enthroned  
in front of a big keystone. The en-  
tire float was covered with blue  
and gold foil.

With the first competition for the  
pageant coming Wednesday Miss  
Pennsylvania was particularly en-  
couraged by telegrams received  
from hometown friends.

She was in a group that com-  
peted in the bathing suit division.  
Other girls competed in even-  
ing gowns, while still a third group  
took part in the talent contest.

This evening Miss Pennsylvania  
will be in the evening gown division  
and on Friday she will be in the  
talent contest.

## WANT TO REOPEN "LOYALTY OATH" DISMISSAL CASE

STATE COLLEGE, Pa. (AP) — A committee of five faculty members met with Dr. Milton S. Eisenhower today to ask the Pennsylvania State College president to reopen the case of Wendell Scott MacRae, dismissed in a loyalty oath case.

Dr. Eisenhower agreed to the meeting last Friday after a preliminary meeting of college employees and townspeople interested in "finding out the facts" in the case of MacRae.

MacRae was fired last week as publications production manager for the college's Department of Information when a college board of review reported it lacked essential evidence to certify him as "not subversive" under the state's Loyalty Oath Law.

Charge "Injustice"

The group which had grown to 150 by last night met again and passed unanimously a series of resolutions charging that MacRae "has been done an injustice."

At Ford City, State Sen. Albert R. Pechan (R-Armstrong) issued a statement declaring he "cannot pass judgment" in the MacRae case "because I do not know the facts."

"In America and in my book a person is innocent unless proven guilty," said the author of the loyalty oath legislation.

Pechan then drew this analogy: "However, if Mr. MacRae does not fulfill the requirements or objects to certain procedures which qualify him for a position under the state government, he automatically requests that Dr. Eisenhower dismiss him."

Privilege To Teach

"For example: In order to qualify for a degree in college a student must meet certain requirements whether he likes them or not before the college awards him

## Mario Lanza Movie Abandoned By MGM

HOLLYWOOD (AP)—MGM's quarrel with singer Mario Lanza reached a new crisis today with the studio announcing abandonment of his new film, "The Student Prince."

The studio said more than \$700,000 already has been invested in the movie. A spokesman for Lanza said the singer expects the picture still will be completed.

Reports circulated that the actor does not see eye to eye with those in charge of making the movie.

W. L. Werner, professor of English, was elected chairman of a five-man committee to consult with Eisenhower.

Committee members are these other faculty members: Elton Atwater and John H. Ferguson, both political science; Joseph G. Rayback, history, and Hans Neuberger, meteorology.

In introductory remarks to its resolutions the group pointed out that MacRae, while unwilling to answer a college loyalty questionnaire, presented "other substantial evidence of his loyalty."

"The loyalty board neither challenged this evidence nor presented any evidence of its own that he was subversive," the statement said.

"Presumed Innocent"

"We feel therefore that in line with Anglo-American legal tradition he should be presumed innocent until proven guilty."

"We feel that in any hearing to determine whether or not he is subversive, and certainly after he had presented evidence of his own loyalty to the loyalty review board, the burden of proof must rest with the loyalty review board."

The 1951 law requires all state and local public workers to swear they are not members of subversive organizations. Colleges and universities receiving state aid

were required to certify their employees as to loyalty.

The protesting group meeting last night charged that Penn State had changed the original procedure it had evolved to certify its employees.

Had Choice

One of the resolutions it approved declared that the college originally gave an employee the choice of signing a loyalty questionnaire or of taking his case to the loyalty board of review which, before recommending dismissal, must decide "that a fair preponderance of the evidence showed the uncertified individual to be a subversive."

This latter clause, the resolution charged, was dropped without approval by the faculty advisory council. It asked that President Eisenhower restore this original

## NIXON LAUNCHES DRIVE IN MAINE MOST INTENSIVE

By The Associated Press  
Sen. Richard M. Nixon of California.

MacRae, who had refused to sign the questionnaire, had produced a U. S. Marine World War oath which he said still is binding.

Atwater, one of the five-man committee members, reported a check showed that other state-aided institutions of higher learning required to certify their employees had relied neither on a loyalty oath nor a questionnaire.

form, the GOP vice-presidential nominee who on Tuesday launched in Bangor, Me., what he said would be "the most intensive campaign in the history of American politics," today planned visits to Rockland, Auburn, Lewiston and Sanford, Me.

Nixon said he planned to make "Communist subversion and corruption" the theme of all of his speeches from now on.

Sen. John J. Sparkman of Alabama, Democratic vice-presidential candidate, campaigned on the other side of the continent—in California.

Drama In Primaries

He said in Sacramento last night that freedom's victory over totalitarianism depends "upon our capacity to develop our resources wisely," he was referring to such things as the Tennessee Valley Au-

thority and the Shasta Dam project. Sparkman has returned to Southern California for a speech at Long Beach, then heads for Albuquerque, N. M. on the next leg of his tour.

Two primaries Tuesday developed unexpected drama:

Setback For McCarran

In Nevada, Sen. Pat McCarran apparently suffered a political setback. Tom Meachling, 31, former Washington, D. C., newspaperman who drew belly laughs from old-time Nevadans when he filed for the Democratic senatorial nomination, today was leading Alan Bible, 42, strongly backed by McCarran, 15,777 to 15,078 with only about 500 more votes to be counted.

The winner will meet incumbent GOP Sen. George Malone in November. Malone on Tuesday easily won the Republican race for re-nomination.

In Louisiana, the oldest member of the state's famous long dynasty was leading in a Democratic runoff.

off primary for U. S. representative. In traditionally Democratic Louisiana, victory in this race usually means victory.

Brother Or Huey Long

Dr. George S. Long, 68, a dentist, lawyer and patent medicine manufacturer, was leading Mayor Carl B. Close of Alexandria, Dr. Long, seeking the post for the third time, is the brother of former Gov. Earl Long and the late U. S. Sen. Huey P. Long, and is the uncle of the state's present Sen. Russell Long.

These senators and Cabinet members figured in political headlines: Sen. Robert A. Taft of Ohio will speak Oct. 2-3 in Columbus, O., on behalf of the GOP ticket, aides said in Washington. These are

Taft's first announced speaking dates in the campaign.

McCarthy To Speak

Sen. Joseph R. McCarthy of Wisconsin, whose bid for renomination on the Republican ticket has become a national issue, makes his first appearance of the campaign tonight with a speech at Shorewood.

Secretary of Interior Oscar Chapman said in Portland, Ore., that he did not plan to resign even though devoting full time to campaigning for Stevenson.

## MAN CHARGED WITH SHOOTING YOUNG STUDENT

COUDERSPORT, Pa. (AP)—A 35-year-old airport operator was under arrest here today charged with the shotgun slaying of a college student from Philadelphia's Main Line section and wounding the son of Grover Cleveland Bergdoll.

A formal murder charge was filed late on Tuesday against Alfred L. Sallade, who operates a small airfield at Cherry Springs State Park, some 18 miles east of here.

The victim of the fatal shooting was Charles P. Van Pelt, 19, only child of a socially prominent family and a sophomore at Harvard University. His family's home is at Rosemont, Montgomery County, just outside Philadelphia.

One Seriously Wounded  
Erwin Bergdoll, also 19, and a University of Pennsylvania student was seriously wounded at the same time. He was reported in "fair" condition at Coudersport Hospital.

Young Bergdoll is the son of Grover C. Bergdoll, famed auto racer who was convicted as a draft dodger in World War I. The elder Bergdoll was a member of a prominent Philadelphia brewing family. The family now resides at an estate 35 miles southeast of Richmond, Va.

Potter County Dist. Atty. Robert L. Flint said Sallade shot the two youths as they walked near the airport administration building Monday night.

Flint said Sallade told him he thought the youths were robbers who had ransacked his office twice in the past two weeks.

On Camping Trip  
Van Pelt and Bergdoll were on a camping trip in this wooded, hilly countryside of north-central Pennsylvania. With them were two other college students and the father of one of the boys.

Flint said all four boys were

## 53-year-old Nurse Is Killed In Crash

EASTON, Pa. (AP)—A car went out of control on a down grade three miles north of here today, crashed into a stone wall and killed Mrs. Anna Hess, 53, well known resident and head nurse in the central dressing room at Easton Hospital.

Mrs. Hess' husband, Albert, who was driving, was slightly injured. He is a foreman in an Easton defense plant. The couple was returning to their home from a vacation trip.

walking near the airport building looking for a place to camp out in the open for the night when the shooting occurred.

The district attorney said Sallade fired through a window when the youths were within 20 feet. He said it was the same window used for entrance by the burglars on Aug. 25 and 26.

On the camping trip with the two shooting victims were Philip Steel, 17, of Wester, and Doland R. Grigson, 19, and his father, W. Herbert Grigson, of Downingtown.

The elder Grigson is head of the physical education department, athletic director and track coach at Roxborough High School, Philadelphia.

Flint said the charge against Sallade "is tentative pending completion of the investigation" by state police.

## SURRENDERS IN ABDUCTION CASE

CAMDEN, N. J. (AP)—Anthony Painter, 60, of Camden surrendered to detectives Tuesday and told them he was one of two men sought in connection with the abduction of a South Jersey building contractor last Sunday.

He was turned over to the FBI and held in \$500 bail for grand jury action on a charge of transporting a stolen car in interstate commerce.

The victim, John Witkowski, of Woodlynne, N. J., told police he was taken for a "wild ride" by two men whom he met in a taproom. He said he escaped from the car in Allentown, Pa., and fled.

Meanwhile, the FBI in Newark announced the arrest of the second man, Edward J. Andrescavage, 34, of Camden.

Andrescavage was taken into custody Monday in Shenandoah, Pa., agents said, in possession of Witkowski's car.

He also was charged with transporting a car over state lines and held in \$1,000 bail for a hearing today by the U. S. commissioner at Tamaqua, Pa.

The receipt of an autographed baseball from Pie Traynor has completed the group of 23 autographed baseballs by the living members in the Hall of Fame museum at Cooperstown, N.Y.

## York Springs

YORK SPRINGS—Mr. and Mrs. R. C. Hetherington motored to Rochester, N. Y., over the week end to visit their son, Frank, who is a student at the Eastman School of Music. Upon their return they learned that they had become grandparents. Their daughter (Jean), Mrs. Robert N. Rapp, Harrisburg, had given birth to an eight-pound, two-ounce daughter at the Polyclinic Hospital, Harrisburg. The infant has been named Sharon Lee.

Mrs. Donald Miller and son have returned home after three weeks spent with her parents, Mr. and Mrs. Charles Slaybaugh, Grand Forks, S. D.

Mr. and Mrs. P. Miller, R. 2, announce the birth of a daughter at the Carlisle Hospital on Sunday.

Mrs. Minnie Landis, whose home

is near Clear Springs, was admitted to the Polyclinic Hospital, Harrisburg, on Monday.

Mrs. Amos Meyers has been confined to her home with illness for several days.

The York Springs Lions Club met with the Dillsburg Lions Club on Tuesday.

Mr. and Mrs. Baird Hershey entertained Mrs. Hershey's sister, Jane Shambaugh, Mechanicsburg, over the holiday week end.

Mr. and Mrs. Harold Lerew and daughter, Barbara Lynn, of Germantown, spent the week end with Mr. Lerew's parents, Mr. and Mrs. Harvey Lerew, York Springs.

Arthur B. McCarter Jr., of Myersdale, has received his master's degree in education at Penn State. He is a son of Mr. and Mrs. A. B. McCarter, R. 2 Another son, Daniel S., has been admitted to OCS, Fort Belvoir, Va. He is a graduate of

Johns Hopkins University.

Mr. and Mrs. Guillermo Barriga entertained Commander and Senora Jaime Eraso and son, Jaime Jr., of Cartagena, Colombia, B. A., over the week end. On Labor Day they were hosts at a picnic luncheon to 22 guests. They included beside the Eraso family, Senorita Sylvia Cleves, Dr. and Senora Humberto Barriga and three children, all of Bogota, Colombia; Mr. and Mrs. Harold A. Smith and Mr. and Mrs. Q. W. Hershey, York Springs, and Commander and Mrs. Charles Carroll and three children, of Baltimore.

Pfc. Paul Shirley has received his discharge from the U. S. Army after two years' service, 17 months of which were spent in Germany.

Scouts predict a great future for Larry Jackson, 21-year-old St. Louis Cardinal speedball pitcher now with their Fresno, Calif. team.

GIVE 163 PINTS

A total of 163 pints of blood were donated by nearby residents to the Baltimore Regional Defense Center during a visit of its mobile blood unit sponsored by Hanover Red Cross chapter. Eleven rejections were made during

Tuesday's visit. Mrs. Robert Luckie, chairman of the blood donor program, said the next visit of the unit is scheduled for Monday, Nov. 3.

Bob Jones won the U.S. Amateur golf title five times and once was runner-up.

## CRIPPLING U. S. STRIKES CAUSE MANY WORRIES

By JAMES MARLOW  
WASHINGTON (AP)—There is a kind of American self-torture involved in looking for a way out of national emergency strikes.

This presidential campaign isn't likely to provide a solution. Gov. Stevenson seemed to make that clear in his Labor Day speech.

He said the Taft-Hartley Act should be entirely replaced by a new labor law. He raised the question of handling national emergency strikes.

He offered several suggestions but frankly said he didn't have the answer. It's a question which makes organized labor, management and politicians unhappy. Congress has never provided the answer.

Recognize Freedom  
Traditionally, an employer has been free to refuse to meet the demands of a union. At the same time the union is free to strike until he does.

That freedom for both sides was recognized by Congress even in passing the Taft-Hartley Act with its many restrictions on unions and management.

When there is a threat of a strike which might hurt the national welfare, T-H provides for

delaying but not, in the end, preventing it.

Congress could do this: It could pass a law forbidding a strike in an industry affecting the national welfare and let it go at that.

That would penalize the union only. Deprived of its ancient right to strike it would have to continue working for an employer who, knowing his workers couldn't walk out, could take his own good time on a settlement.

Compulsory Arbitration  
This would be so obviously one-sided that, if Congress tried this remedy, organized labor could hardly sit by. In the end, and for fairness, Congress would have to pass a law penalizing an employer in such a case, too.

How? Probably by compulsory arbitration. Which means that once a union was forbidden to strike, an employer would lose his right to take his time settling with the union; the government would step in and dictate the terms of settlement which both sides would have to accept.

## SEEK ADVANCE DATA ON TROOPS

WASHINGTON (AP)—Psychologists working in the front lines in Korea have gathered information that may aid in predetermining combat effectiveness of untried troops, an Army psychologist said Wednesday.

Dr. Joel T. Campbell said that while the data has not yet been fully analyzed, it represents the first "collection of on-the-spot criteria of combat performance."

Thus, he told a reporter, when it is fully analyzed it could conceivably be used in training areas to select men most likely to give high caliber performance under fire.

Hitherto, he said, scientific research on combat effectiveness has been limited to studies made of men in training camps, on maneuvers, or under simulated combat conditions. Suggestions that it be done in combat areas during World War II were turned down by the Army for fear of interfering with combat operations.

Dr. Campbell made the statements in an interview, amplifying a report made late Tuesday to the 60th annual meeting of the American Psychological Association.

## FAILS TO CROSS LAKE ON BOARD

ERIE, Pa. (AP)—Virgil Sayre, 26-year-old Meadville food salesman, has something to tell any future grandchildren today even though he did fail to cross storm-tossed Lake Erie on a 12-foot surfboard.

Young Sayre, former captain of the Allegheny College swimming team, was picked up by a steamboat crew on Tuesday, utterly exhausted, eight miles from his goal.

Twenty-eight hours earlier, Sayre told spectators as he shoved off from Long Point Beach, Ont.: "If I make this, I'll have something to tell my grandchildren. If I don't, you'll have something to tell yours."

Lashed to the surfboard and using only his hands as motive power, Sayre expected to make the 45-mile crossing from Canada to Pennsylvania in 12 to 16 hours. But a severe rainstorm struck.

The U. S. Coast Guard sought Sayre by airplane and motorboat but could not find him. The crew of the S. S. Scobel, scooping sand from the lake bottom, discovered Sayre northwest of the Presque Isle lighthouse.

Admitted to the U. S. Marine Hospital for treatment of burns were four Norwegians. They are Arne Olsen, 24, of Spydeberg; Peter Hestad, 17, of Grimstad; Thoralf Fiskum, of Sannesjen, and Arthur Olsen, 22, of Oslo.

Most of the crewmen were absent when the fire broke out about 4 a. m. in the crew's quarters at the aft end of the 5,300-ton ship.

The Hopeville is owned and operated by Klavness and Co. of Oslo. She arrived at Norfolk on Tuesday to discharge 800 tons of mahogany logs and 5,000 tons of manganese ore.

Capt. Edwards said there was no panic and that as soon as the crewmen escaped from their blazing quarters they began fighting the flames.

## NATO Ministers To Meet December 15

PARIS (AP)—The ministers of the North Atlantic Treaty Organization will meet in Paris about Dec. 15, NATO announced Wednesday.

It will be the first conference since the Lisbon meeting of last February.

The European members of the huge defense organization have been pressing for an immediate meeting of the high-ranking officials of NATO governments. The United States, however, has urged a postponement until after the November elections.

The conference has a number of urgent problems to consider, chiefly financial ones.

## TWO CREWMEN DIE IN BLAZE

NORFOLK, Va. (AP)—Fire swept the crew's quarters of the Norwegian freighter Hopeville Wednesday. Two crewmen were burned to death and four others suffered severe burns.

The fire raged for two hours before it was extinguished by fire fighting equipment from Norfolk, the Coast Guard, the Navy and the Hampton Roads Port of Embarkation. The ship was moored at the Norfolk & Western Railway cargo pier, which escaped damage.

Capt. Nils H. Edwards, the master of the Hopeville, said the dead men were boatswain Magne Godvik, 23, of Bergen, Norway, and able seaman Karl Strandvold, 29, of Hennesberget, Norway.

## 818 JAPANESE WAR CRIMINALS WANT FREEDOM

By WILLIAM C. BARNARD  
TOKYO, (AP)—Spokesmen for 818 minor Japanese war criminals in Tokyo's Sugamo Prison have told foreign newspapermen in an unprecedented news conference they considered their sentences unreasonable, uncalled for, and illegal. They asserted they should be released at once.

Later, one of 12 major war criminals serving life sentences in Sugamo said in an interview: "I hope we will get out, too."

Former Maj. Gen. Heruo Fukuchi, 52, was chief spokesman for the 818 Class B and C prisoners—military commanders and both military men and civilians arrested in areas where war crimes were committed.

He and 30 other prisoners sat on

## Atlantic Hurricane Mounting In Fury

MIAMI, Fla. (AP)—Gusts of wind estimated at 140 miles per hour were reported on Wednesday in the Atlantic hurricane swirling northward in open ocean 800 miles east of Miami.

The 11 a. m. (EST) advisory said the tropical disturbance probably would continue the present course for the next 12 hours, "with possible intensification."

Forward speed was estimated by a hurricane hunting plane at 12 to 14 miles per hour.

Savage sustained winds of 115 miles per hour were registered near the center of the severe storm.

All shipping in the path of the hurricane—the second of the season—was told to get out of the way in a hurry.

One side of a long table in a conference room of the prison. On the other side sat the reporters. The war criminals as well as reporters took notes on what was said.

## "Nervously Tense"

Fukuchi, hollow cheeked and nervously tense, spoke with deliberation and feeling for the men convicted of war crimes and atrocities.

He said the prisoners should have been released when Japan regained her independence.

An Associated Press correspondent asked: "Do we understand correctly that you and your fellow prisoners consider that all your sentences were unduly severe, unreasonable and uncalled for?"

"That is correct," the general answered.

Then former Capt. Buichi Ono, onetime attorney with the Japanese judge advocate's department, said: "With respect to the B and C class trials held in Yokohama and outside Japan, we feel they were not legal and were based on political considerations."

Addressing the newspapermen, Fukuchi once on the Japanese army staff at Hong Kong, said: "In view of the fact that the peace treaty is called a treaty of trust and reconciliation and since its object is to bring peace, I think

## HOW TO MAKE HUSBAND TALK ADVICE GIVEN

By CYNTHIA LOWRY  
The Associated Press

Silent husbands, concealed behind the sports pages of newspapers, are the most popular subject in the advice field this season. This I know because of my highly specialized literary diet.

It is apparent that the experts who write and counsel on affairs of the heart and on marriage are deluged with urgent bulletins from wives seeking a magic recipe for sure-fire conversational gambits which will relieve the usual evening silence which, from the letters, is unbroken by anything other than the clatter of forks on china and the sloshing of the dishwashing machine.

The uniform complaint of the wives seems to be that their husbands don't pay attention to anything they are saying and seem anxious only to retreat to the sanctuary of the easy chair.

Make It Interesting  
I have been contemplating these anguished requests and the experts' answers for quite awhile now, and I regret to state that so far none of the specialists has been able to evolve any specific formulae for turning the family living room into a salon. These experts invariably come up with a forthright — and slightly obvious deduction — that husbands who don't pay attention to their wives aren't interested in what their wives are saying. Their solution is simple: talk about something husbands are interested in. Then they pass to another letter and another problem, like being overweight.

The question which logically arises is what on earth kind of talk does a man appreciate from his wife? Apparently the experts are unanimously agreed that when

a problem such as the prisoner problem—a problem of the aftermath of war—should have been disposed of with the coming into effect of the peace treaty."

He said he believed the purpose of the war crimes trials "was the desire, perhaps, to prevent war and, even if there is another war, to prevent atrocities. I believe that the motive has been served."

a man drags home from a long tiring day at the office, he wants to relax, doesn't want to be peppered immediately with the household problems and cares infinitely more about what's cooking and the Yankee's standing than he does about Mrs. Thompson's new dye job which turned out too red.

Bone Up On Baseball  
Right there, it seems to me, is the crux of the problem. Most women would be interested in having their husbands regale them with the details of the day at the office — the way he confounded the boss, finagled a new account and what he had to eat during that two-hour luncheon conference with the Wisconsin district manager.

Maybe she should bone up on baseball. I have noticed, however,

that male baseball enthusiasts prefer to talk batting averages with other male baseball enthusiasts. Discussions of current events aren't as fascinating in families as they are at more formal occasions.

Frankly, it's hard to find any subject guaranteed to rouse the interest of the work-weary male. There seems, however, a rather simple solution to the problem. Eliminate attempts at conversation. Greet the man sweetly, silently. Feed him quietly and well, without the necessity of ignoring conversation, the contrary male will probably wonder what's wrong and start doing some interesting and nervous questioning himself. Answer briefly and non-committally.

When he retires behind the newspaper, retire yourself behind a

## STEEL SUPPLY BALANCE SEEN EARLY IN 1953

NEW YORK (U)—Reasonably satisfactory balance of steel supply and demand by the end of the first quarter of 1953 was foreseen today by the Iron Age, metalworking trade weekly.

The publication said this was the consensus of steel executives and government planners whose opinions it surveyed.

From the second quarter on, it added, "the nation's fast-sprouting steel production capacity will act as formidable interference in pushing shortages aside."

Current capacity was placed at more than 112 million ingot tons annually, against 108½ million last Jan. 1.

The Iron Age said "few in the industry doubt that mills, besieged by rush orders today, will be looking for customers on most of their products by the end of the second quarter."

**Other Steel Signs**  
"Demand pressure for large diameter bars and tubular goods from oil field operators and defense plants will continue strong. But wire products demand is already showing signs of softening and small bars and flatrolled items should be watched for signs of weakening."

Reporting that auto producers are "having a field day of optimism over future steel supply," the trade weekly commented:

"Many of them believe that the shortage will evaporate by the early weeks of 1953 and that supply

## New Oxford

**NEW OXFORD**—Mr. and Mrs. Clair I. Mumper have returned after a brief vacation in Ocean City, Md., where they joined Mrs. Mumper's sister, Mrs. Robert C. Berkheimer, Abbotstown, with Mr. Berkheimer and daughters, Linda and Susie.

The food sale held Saturday afternoon by the National Council of Catholic Women of the local parish at the parochial hall was reported successful with all articles, all of which were donated, sold out in the early part of the afternoon.

Mrs. W. Hafer Miller has returned home after a visit to Beaufort, S. C., where she, with Mr. and Mrs. John Young, were entertained by Mrs. Miller's daughter, Mrs. Esten C.

will ease steadily this year. Steel producers, regarding large defense set-asides (especially in bars and plates), can't see eye to eye with Detroit.

"Some of this automaking optimism may be based on the belief that steel will pile up for defense needs and force cutbacks in military ordering."

Steelmaking operations this week were placed by the Iron Age at 100.5 per cent of rated capacity, up a point from last week.

Carper Jr., her husband, Capt. Carper of the Marines, and their two young daughters.

Mrs. J. Felix Sanders was hostess Tuesday evening when the Mite Society of St. Paul's Reformed Church met at the church building for its regular session. The church constituency also met at the church that evening.

The local 500 Club, whose meetings were suspended with the June meeting for the summer vacation period, resumed Tuesday at the home of Mrs. LeRoy Rife.

M. M. Sharrer, New Chester, was host during the week to the regular meeting of the councilmen of the Pines Lutheran Church, that place.

Mrs. J. Frank Feiser entertained fellow members of the Ladies Aid Society of the First Lutheran Church at her home early this week.

The Green Ridge schoolhouse near here opens for the 1952-53 term this week with Miss Ruth A. Deatrick serving as its teacher for the seventh year. Miss Deatrick spent most of her vacation in attendance of her mother, Mrs. Curtis W. Deatrick, who has been ill at her home near East Berlin and who has been of late a patient at the Hanover Hospital.

The Rev. George E. Sheffer, pastor of the First Lutheran Church, has resumed his duties after a vacation spent with Mrs. Sheffer on a motor trip through the mountain

regions of the south. They also visited Chicago where their son, Capt. George E. Sheffer Jr., USA, has been stationed. Capt. Sheffer accompanied his parents to their home for a short leave.

Another local pastor who took his place in the pulpit on Sunday after an absence on his annual vacation was the Rev. Archie C. Rohrbaugh of St. Paul's Reformed Church. During his absence, the Rev. Lee Gable and the Rev. Dallas Krebs conducted the Sunday services.

Mrs. Lynne W. Grove, who recently spent a few days in New York City, has been spending a vacation in Ocean City, N. J., accompanied by her husband and by Mr. and Mrs. William D. Himes Sr.

## LOVETT SAYS MILITARY WILL SLASH DEMANDS

**WASHINGTON (U)**—Secretary of Defense Lovett says military production will begin leveling off after next July and the armed forces may cut their requests for money in the coming fiscal year.

Lovett said on Tuesday that by fiscal 1954—the 12 months beginning next July 1—the armed services will have enough of certain items, and their production would be cut to a sustaining, or replacement, level.

He did not say what these items might be. He said their continued manufacture would be adequate to keep production lines operating in factories, however.

Lovett said he expects total man-

power requests for next year to be below the \$46,560,605,482 plus 2½ billions for public works that was voted for the defense effort this fiscal year.

**Air Spending Up**  
However, he told a news conference that the Air Force—the only one of the services to estimate next year's needs so far—has indicated it may need about the same amount it received this year.

Lovett indirectly answered congressional criticism that military buying was lagging by reporting that by last June 30, spending for military equipment and construction was 6.5 times more than at the start of the Korean War.

Lovett said the armed forces in the next fiscal year will maintain about the same manpower they now have—approximately 3,700,000.

He also said President Truman has asked him to prepare a report for his successor at the Pentagon to indicate where unification of the armed services might be improved.

## RECOVER BODY BELOW FALLS

**NIAGARA FALLS, N. Y. (U)**—A body recovered from the Lower Niagara River has been tentatively identified as that of Sidney Seth, 57, believed to be the man who waded into the river above the falls Saturday and shot himself in the head.

The body was recovered Tuesday night near the Maid of the Mist dock.

Jesse Kunes of North Tonawanda reported to police Saturday that he saw a man wade into the river and shoot himself, and that the body was carried over the American Falls.

Police recovered the rifle and learned that the gun had been sold to an S. Seth shortly before Kunes reported seeing a man shoot himself.

## Manhattan Phone Book Weighs 4 Lbs.

**NEW YORK (U)**—The giant new Manhattan telephone directory carries 758,000 listings, has 1,836 pages and weighs four pounds 11½ ounces. More than 1,418,000 copies will be printed.

The Manhattan directory is the second largest in the country, being exceeded only by the Chicago directory with 2,100 pages. The Chicago directory is citywide whereas Manhattan is one of New York City's five boroughs. The first Manhattan directory, printed in 1929, carried 486,000 listings.

In the last six years, telephones in Manhattan jumped from 1,083,000 to 1,531,400.

Lawrence Curtis Jackson, fast baller with the Fresno, Calif. Cardinals, became the first pitcher in organized ball to win 20 games this season. The 21-year-old freshman did it on July 25.

## TRY TO CAUSE BREAK BETWEEN IKE AND TAFT

SPRINGFIELD, Ill. (AP)—Gov. Adlai E. Stevenson's supporters tried today to drive a wedge between Gen. Dwight D. Eisenhower and Sen. Robert A. Taft of Ohio in the Republican ranks.

They cited the defection of Col. Robert R. McCormick, editor and publisher of the Chicago Tribune, as an asset in their effort to capture the vital Midwest in the presidential race.

McCormick has advised Republicans to ignore both presidential nominees and concentrate on electing selected GOP members of Congress in preparation for a third party presidential effort in 1956.

A Stevenson aide told this reporter he regards this as a "major break" for the Democratic nominee in Illinois, Indiana, Wisconsin and Iowa, where the Tribune circulates widely. These four states form the heartland of a Midwestern area where Pres-

ident Truman won his unexpected victory in 1948.

The Stevenson aide said he believes McCormick's views will affect many Republicans who supported Taft for the nomination, and still are angry that Eisenhower won in Chicago on the issue that Taft's backers had "stolen" delegates in Southern states.

The Stevenson "camp" apparently believes that McCormick's views won't affect many Democrats but will cut deeply into Republican ranks. The Democratic nominee's followers said they don't expect to harvest many Republican votes but they do hope that many GOP members will stay away from the polls in November.

In this connection, it was disclosed that representatives of the Illinois governor had made careful canvasses of the situation in Ohio and returned here with optimistic reports.

Ohio's Democratic Gov. Frank Lausche, a proved vote-getter, is running for re-election and is opposed by Republican Charles Taft, brother of the senator.

Although Sen. John Bricker has announced that Sen. Taft will make speeches for the ticket in the state, the senator did not support his brother for the gubernatorial nomination and there still is some doubt how far Robert Taft will go in urging Eisenhower's election.

Democrats obviously hope to capitalize on this situation in bidding for Ohio's 25 vital electoral votes. They believe many supporters of Sen. Taft will stay home on election day.

## PLASTIC LENSES DEVELOPED FOR CATARACT CASES

CHICAGO (AP)—Little plastic lenses are being put into human eyes, replacing eye lenses lost through cataracts.

Dr. Harold Ridley of London, England, reported this new step today to the International College of Surgeons.

Cataracts are a cloudiness over the eye lens which reduces vision. The eye specialist takes out the clouded lens, and substitutes a little disc of a clear, pure plastic.

The lightweight plastic almost floats in the eye, and the patient doesn't feel it there. It is held in place by the iris, which is a muscle and a membrane in back of the normal lens. The plastic lens does the same job.

There is no distortion in vision, and no need for thick cataract spectacles that magnify highly. Dr. Ridley said. The patient can move his eyes to see things at his side. He can see through the plastic lens as soon as bandages are removed.

## TWO FUGITIVES ARE ACCUSED OF KILLING 2 MEN

DETROIT (AP)—Murder warrants have been issued against two escaped prisoners accused of killing a father and son in a suburban Hazel Park tavern Aug. 18.

Oakland County prosecutor James Hartrick yesterday obtained the warrants against Mike Giondi, 23, of Pontiac, and Harold Hummel, 21, of Detroit, who escaped from the Ionia State Reformatory July 21 while serving time for robbery.

Hartrick acted on information gleaned by police in Syracuse, Kan., from a 16-year-old girl who was detained there Monday for routine questioning after police picked her up in the downtown area. She was identified as Barbara Briggs of Indianapolis.

At Syracuse, Undersheriff Joe Esquivel said the girl was turned over to Michigan police. She was held without charge.

**FBI Joins Hunt**  
Police and FBI agents joined in the hunt for the two fugitives, who, the girl said, had driven her from Indianapolis on their way to California.

The girl was quoted as saying the men robbed a drug store in St. Joseph, Mo., and a liquor store in Denver but that she did not take part in the robberies. She said the men split up at Denver and that she accompanied one to Syracuse, where he left her Aug. 25.

The prosecutor said the girl told authorities she first met the men in Indianapolis and came to Detroit with them. She said they stopped near the Hazel Park tavern, told her they had "business to

## Italy Will Stage Test Mobilization

ROME (AP)—Italy will call to the colors three military classes—probably over a million men—next month in the first test mobilization since the war.

Officers and men of the three reserve classes—mostly 20 to 23 years old—will be called to report to their district military headquarters, the Ministry of Defense said today.

They will not be asked to do any military service. The call-up is purely a test of military availability.

Exact date of the test and exact classes to be summoned have not been announced.

**REGISTRATION IS FIRST**  
WASHINGTON (AP)—Gov. Adlai E. Stevenson told Democratic party workers today that "registration is our first order of business."

In a letter published in the Democrat, official party newspaper, the presidential nominee added:

"As you know from past experience, the bigger the vote the greater our Democratic majority will be."

The Gulfstream Park meeting next year will open March 4 and close April 21.

handle" and went into the tavern. She heard shots a couple of minutes later, she said, and the men ran out and drove away with her. Police quoted her as saying her companions told her they had shot someone.

Victims of the double slayings were Joseph Vinokourov, 31, co-owner of the bar, and his father, 60. Police have been puzzled by the slayings, since patrons in the tavern said no attempt at robbery was made by the two gunmen who entered and started firing.

**BOOK SALES LAG**  
MILAN (AP)—Italians buy less than one book per capita each year.

Italian book publishers announced some 37 million books were sold last year to more than 47 million Italians. Those in the Lombardy region are the most avid readers, they said.

The Oklahoma City Golf and Country Club will be the scene of the 1953 U.S. Amateur championship. It's the home course of Charlie Coe, 1949 champion.

## FIRM PLANS TO SELL FUNERALS ON INSTALLMENT

HARRISBURG (AP)—The State Corporations Bureau has approved the incorporation of a Pittsburgh firm set up to sell funerals on the installment plan.

Commonwealth Secretary Gene D. Smith said approval was given on the grounds that there is nothing in the law to bar issuance of incorporation papers to a firm who offers "easy terms" payable in advance for a funeral.

The Pennsylvania Funeral Directors Association had opposed the application for incorporation by the American Memorial Association, headed by William H. Hogg. He operates a cemetery in Allegheny County.

At a June hearing Smith said he was concerned only whether the plan qualified under the corporate laws or whether it was a matter for the insurance department.

Hogg said at the time he and his associates intended to sell a one-price complete funeral for \$405 on the installment plan.

**Pre-Arranged Price**  
Under the arrangement, selected funeral directors would contract to furnish for a pre-arranged price. The funeral director would get \$310 plus 25 per cent of the interest accruing on accounts he held; \$30 would go to a bank acting as repository for collection and insurance costs and his firm would keep \$65.

Should the subscriber desire a more expensive burial than provided in the contract, he could arrange for that direct with the undertaker.

In the event the subscriber died before paying fully payments to provide full services would be insured by an insurance company.

The funeral directors association said burial services are "sacred performances" and should not be associated with "high-pressure tactics."

## Acheson Asks Iran To Reconsider Offer

WASHINGTON (AP)—Secretary of State Acheson publicly has appealed for Iranian Premier Mossadeq to reconsider his rejection to proposals made by Britain and the United States for settlement of the Iranian oil crisis.

Acheson called the proposals "fair and reasonable." He told a news conference that the three-

point settlement plan accepts nationalization of the British-owned oil industry in Iran "as a fact" and concerns itself with the problem of working out compensation. The plan was put forward by President Truman and Prime Minister Churchill Saturday.

Mossadeq turned it down within a few hours after it was presented to him at Tehran. He has called a parliamentary session for Sept. 10 to consider a formal reply.

**PROGRESS THROUGH RESEARCH**

Each new medical discovery opens entirely new fields of scientific research. The discovery of sulfanilamide opened the way to numerous other sulfonamides which were developed in rapid order. Penicillin focused attention on the antibiotics, and numerous valuable additions to the field have already been made. Spearheading this never-ending campaign for new and more efficacious therapeutic agents is the pharmaceutical industry, of which we are proud to be a part. Our specialty is preparing the finished products for your use. Let us fill your prescription.

## IKE APPEALS TO U. S. WOMEN TO HELP IN POLITICS

By DON WHITEHEAD  
TAMPA, Fla., (P)—Dwight D. Eisenhower appealed to the women of America Wednesday to throw themselves into the presidential campaign "to correct the things that are wrong with us."

The GOP presidential nominee's appeal to the women voters was made before a cheering crowd estimated at 9,000 gathered at the Tampa ball park.

Tampa followed the lead of Atlanta, Jacksonville and Miami in giving Eisenhower a rousing welcome on his sweep across Dixie that has been booming in such spectacular fashion.

**Says Democrats Named It**  
"I am anxious to draw the spirit of women into the campaign I am trying to wage," Eisenhower said after he had been introduced by

## Southeast Asia Importance Grows

SINGAPORE (P)—Malayan traders welcome a call for recognition of the importance of Southeast Asia by the United States States Chamber of Commerce.

Traders believe the American move indicates appreciation in United States business circles of a stable South and Southeast Asia, and realization of the economic importance of the region to the democracies.

The visits of American goodwill missions to this area have done much to improve United States appreciation of Southeast Asia, traders said.

GOP national committeewoman, Mrs. Helen Lieb.

Standing under a broiling sun on a bunting-draped platform at home plate, Eisenhower declared "we must recall the spiritual and moral values of our forefathers" in government.

He said he referred to the situation in Washington as a "mess" because "that's what the opposi-

## DIES OF HEART ATTACK

HARRISBURG, (P)—Albert L. Allen, president and founder of the Albert L. Allen Co., Inc., general insurance firm, died suddenly yesterday of a heart attack. He was 65.

Allen was prominent in civic organizations. He established his business here in 1919 after assisting the commonwealth for four years in setting up its workmen's compensation fund.

**JAP TORPEDO KILLS 4**  
TOKYO (P)—Four persons were killed and six injured today in the explosion of a World War II Japanese Navy torpedo at a Kure dockyard. Four others are missing.

Kyodo News Agency said the torpedo blew up when a workman began to cut it up for scrap.

**Wants Two Parties**  
"There is a difference between the two parties," Eisenhower said. "One is saddled with a mess. The other wants to clean it up."

Eisenhower urged the people to take part in their local politics, to have influence in their government and in naming the kind of government they want.

"I am down here," he said, "to help, if I can, make certain there are two parties in the South." This statement brought cheers and applause from the crowd.

**How Solid Is South?**  
Eisenhower told his cheering listeners in his call for a two-party system in the customarily Democratic South:

"Every phone call I've had since yesterday morning, every telegram, every note given to my car, every word spoken to my staff and me in the great Southland is, 'we're ready to help. We're not captive people.'"

The reception given to Ike along his route posed the question of just how solid the Democratic South will be in the November election.

## Drug Addiction Fought By Nuns

WASSENBURG, Germany (P)—A quiet, small hospital run by Catholic nuns in the remote forests of North-west Germany is one of the main centers in the fight against drug addiction.

The hospital is the only asylum for women drug and alcohol addicts in Germany. Twelve hundred women and girls have been under treatment here during the last few years.

West German health officials are full of praise for the asylum and its management. "With some 50,000 drug addicts and three times as many alcoholics running loose in West Germany the little nuns of Wassenburg have done everything they could to help us fight the dope wave," one official pointed out.

Alcoholism and drug addiction have increased greatly in West Germany in recent years. A large proportion of all alcohol and drug addicts are youths and women.

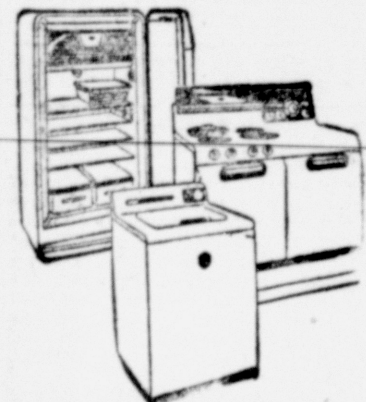

A number of signers of the American Declaration of Independence received their legal training at the Inns of Court, famous British law schools that date back to the 13th Century.
